- ✓ Quickly remember the content of articles you read
- ✓ Recall details from conversations
- ✓ Remember key points of your presentation (no notes!)
- ✓ Recall product information
- ✓ Build a *Mental Note Pad* to remember errands or tasks “on-the-fly”

And as a **bonus**, you will learn a second strategy to:

- ✓ EASILY remember names of people (each attendee will receive free access to **Graham's ebook** “How to Remember What's-His-Name”, and a free Online Course)

**There is no such thing as a bad memory!
Only a lazy, or untrained one.**

Students can get better marks. Business people can gain that competitive edge. Everyone can benefit!

A better memory = a better life.

Graham Best has appeared on national radio and television shows demonstrating his memory systems. On one popular show he memorized the names— and the telephone numbers— of the entire studio audience.

And he can help empower you with the same skills in memory systems.

Graham Best's new e-book,
**Your Complete Guide to
Building a Memory Palace**

(including free access to online videos that accompany each chapter)

is available at the seminar for a special introductory price
